To Whom This May Concern:

Joe Picotte is simply a great craftsman and human being. For over fifteen years I have used Joe's construction services on upgrading homes in and around Eugene. Joe has remodeled and repaired about twenty single-family rental homes for me, and he essentially rebuilt my personal residence in Eugene and my vacation home in Florence. His ideas are refreshing and practical, and he is a delight to work with in all respects. Joe is also highly honorable and accountable in all respects.

If you are thinking about hiring a contractor, do not hesitate to hire Joe. If you have any questions about Joe or my experiences with him, please contact me as noted above. Thank you.

Sincerely,

Martin Hall
